Page 36 Clause 5.5.3.4

Delete Clause 5.5.3.4 and *replace* with the following:

- 5.5.3.4 Cable type
- 5.5.3.4.1 Cable installed underground **shall** be compliant, underground cable whether or not the cable is installed in conduit.
- 5.5.3.4.2 Underground cable installed after 1 January 2004 **shall** meet the requirements of AS/ACIF S008.
- 5.5.3.4.3 Blown-fibre tube systems installed underground **shall**—
- (a) be contiguous between access points;
 - (b) have access points appropriately located or sealed to prevent the ingress of moisture; and
 - (c) be appropriately installed or plugged when entering a building to prevent the passage of fluid or gas into the building from any pit or access hole.

This Amendment forms part of the Standard on publication.
