

# ACIF C518:2006 CALL CHARGING AND BILLING ACCURACY INDUSTRY CODE

The purpose of this checklist is to assist Code Signatories in assessing their internal compliance programs when signing up and complying with ACIF's Call Charging and Billing Accuracy Code.

This information does not in any way limit the obligations of Code Participants under Communications Alliance's Code Administration and Compliance Scheme or the Call Charging and Billing Accuracy Code.

## Communications Alliance<sup>1</sup> Compliance Checklist

### About this checklist

ACIF G514:2003 Code Administration and Compliance Scheme provides that all Signatories must ensure that their operations are fully compliant with each Code to which they are a Signatory. To this end, all Signatories to ACIF C518:2006 Call Charging and Billing Accuracy Industry Code are required to complete and submit this Compliance Checklist when becoming a Signatory to the Code.

This Compliance Checklist is intended to:

- provide Code Signatories with an opportunity to cross check internal compliance processes and systems against the key requirements of the Call Charging and Billing Accuracy Code; and
- assist Communications Alliance to identify any areas of potential non-compliance.

Please note, Signatories have the primary responsibility for ensuring their own compliance with the Code. This Compliance Checklist does not limit the obligations of Signatories to comply with the Code and Communications Alliance does not warrant that successful completion of this Compliance Checklist will suffice to ensure that a Signatory's operations are fully compliant with the Code.

### Signatory details

Name of Signatory	
Address	
Date of signing Code
